CLOSE OF THE VOLUME.

The Chronicle and Louisville Courier-Journal for \$3.25.

Life-size Pictures, painted and Framed by McCORMACK, offered as Premiums for Clubs.

The present number closes another volume of the CHRONICLE. In taking a retrospective view we find that under the name of CHRONICLE, our paper has been in existence for at least 55 years. Of its early struggles, hopes and fears, we know but little, as but few of its first patrons and friends survive from whom to obtain the desired information. One of the present proprietors began his apprenticeship in this office in 1843—the other in 1849. Thus it will be seen that one has been connected with it 30 years, the other 24 years. Sixteen years ago the present firm bought the office and fixtures from our present veteran editor, R. W. Thomas, and we have from October, 1857, been furnishing the best paper we could produce to its readers. During its long and eventful career it has encountered the opposition of various journals in our midst, but it has weathered the storm, and has increased in size from a medium to a double imperial sheet, and we are vain enough to believe that it has retained the good will and confidence of its readers.

We earnestly desire to make our paper more acceptable, in the future, and would appeal to our friends to assist us to accomplish this desired result. We will still retain the services of Mr. R. W. Thomas, as the political editor. As a profound thinker, earnest and decided in expression of sentiment, fluency and grace of style, he has no superior in the State. His articles command and receive the admiration of all whose good opinion we covet. In every department we intend to strive to improve, and to this end we earnestly solicit the co-operation of our friends. At the urgent solicitations of many, we offer the following inducements to all to work in our behalf—while the offers we make will not reduce the price of our paper only to the extent of commissions to workers, but will be paying something handsome to all for their labors in helping to extend our circulation and consequent usefulness.

Our first proposition is to furnish our paper and the Louisville Weekly Courier-Journal to advance paying subscribers, for \$3.25. This proposition includes old subscribers who pay all arrearages and then in advance for twelve months from that date.

Remember if you club with the CHRONICLE and COURIER-JOURNAL prior to Jan. 1, 1874, you have a chance to draw one of the handsome premiums offered by the COURIER.

By our arrangement with Mr. McCORMACK, we are enabled to offer to any one sending us ten names and twenty dollars in money, either a porcelain picture, worth \$5.00, or a whole-sized Rembrandt, \$5.00.

To any one sending us forty names and eighty dollars, we will give a life-size picture—India Ink—worth \$35.00.

For fifty names and one hundred dollars, we will furnish a life-size picture, painted in colors—worth \$50.00.

All of the above mentioned pictures will be framed in elegant style and furnished complete.

This offer is open for all clubs gotten up any time between now and the 1st of January, 1874.

In order to get our subscription list paid up in advance, we will give those getting up clubs the privilege of sending the names of old subscribers when such subscribers will pay all arrearages to date, and then pay two dollars in advance.

We prefer this method of increasing our subscription list to that of offering a premium to every fifth, tenth, or fiftieth subscriber, as we think each subscriber gets the worth of his two dollars in fifty-two numbers of the paper, and therefore we offer the premiums not to the subscribers, leaving it to chance who shall get it, but to those who work for us, and thus fairly earn the remuneration we offer.

REMEMBER that you can procure the CHRONICLE and Courier-Journal for \$3.25, in advance. Send in your names, so as to be in time to get a ticket that will entitle you to a chance to secure one of the premiums offered by the Courier-Journal—the drawing to take place Jan. 1, 1874.

DR. LURTON will leave our city in a short time, to locate in Livingston, Ala., to enter the ministry again. He thinks his health is sufficiently restored to justify this step. We commend him to the people of Alabama as an intelligent, christian gentleman.

We regret to learn, as we do from the Paris Intelligence, that Mrs. R. S. Russell, formerly of this city, died last week. Death, in a very short time, has overtaken the father, mother and a son of this household. The remnant of the family have our sympathy in their sore bereavement.

At an election held last Tuesday night, by the City Council, all the old police force was re-elected.

QUARTERLY MEETING will be held at the M. E. church, in New Providence to-day and to-morrow.

If "dress makes the man," just step into Pittman & Lewis' and make a man of yourself.

Mr. RIT. JACKSON is busily engaged in plastering Dr. McReynolds new house. He will make a good job of it.

The large distillery belonging to Wiley Woodward, in Robertson county, was destroyed by fire, a few days ago.

It is said to be a land of free speech, and any freeman may speak his speech if he can make one.

T. D. LEONARD will sell to-day the household and kitchen furniture belonging to Esquire Loomis.

The Union and American states that comfortable homes can be found in Nashville for at least fifty of the Memphis orphans.

Times are hard in every sense. It is hard to get work to do, and extremely hard to get the pay for it after it is done. Hard, harder, hardest.

WORK on the African M. E. church, on Franklin street, is progressing, and the membership expected to occupy it some time in December.

Dr. B. F. MOODY informed us last Monday, that Col. Thurston would accompany him home that day to organize a Grange at Moody's School House.

A FRIEND suggests that the earthquake felt last week, was caused by the heavy tumbling going on in Northern cities.

W. E. WADE, formerly clerk in the office of the Secretary of this State, has been arrested in St. Louis, charged with forging \$20,000 State bonds.

The county court will be convened next Wednesday for the purpose of electing railroad and revenue tax collector for the present year.

MONTGOMERY Grange will have a meeting at St. Bethlehem to-day, to transact business. A lunch will be prepared for all who attend.

The Western Union Telegraph company is putting up some of the most substantial posts we have ever had in this city.

The culvert on Madison street, Capt. Car-kuff puts work through as fast as possible.

The steamer Tyrone passed down last Tuesday morning. The regular packets will be put in this trade if the river keeps up.

The new cottage house being erected at Greenwood Cemetery, for the Sexton, will soon be completed, and will be both beautiful and convenient.

We have heard the poetical effusion, written by Dr. Lurton, and published in our last issue, highly complimented by competent judges. Let us hear from you again, Doctor.

MR. TILL WILLIS has resumed his work on the building intended for Harrison & Shelby's tobacco warehouse. He will put it through as quick as any man could do it.

The time for the departure of trains has been changed recently. See timetable, which we publish at the head of our local column, which is the present correct schedule time.

It is stated that Vanderbilt has lost \$20,000,000 since the panic set in. This would come near breaking ordinary men, but it amounts to pocket change in the Commodore's case.

The firm of Claflin & Co., of New York, show assets of \$2,500,000; indebtedness, domestic and foreign, \$13,581,000; surplus, \$6,924,000. The business of the firm will proceed as usual.

Mrs. GINN commenced her school at her residence on Main Street, last Monday, and we are glad to learn that she has a goodly number of pupils, and prospects for a very full school.

LIBERAL contributions of money and clothing have been sent to Memphis by the lady members of the Presbyterian church in this city. The Sunday School also sent money.

This local of the Jackson Whig says he always has a cook at his house; he treats them in such a manner "they never get their backs up." People hereabouts would like to get his recipe.

Our backer friend and model farmer, Jesse W. Bailey, furnished us several sweet potatoes this week, which averaged about nine pounds each. Some may have a single potato to beat this, but who can beat the average?

OUR streets were thronged with people from the country last Saturday. Auctioneers were busy at the old market place selling stock and wares, and business of every kind appeared to be lively.

In some of the Western Granges it is said, the members are pledged never to go to law with each other, but to settle all their disputes by arbitration. We think our country would be better off if this manner of settlement had been adopted long ago.

A YOUNG lady in Lancaster, Pa., has the initials Y. M. C. A. engraved on one corner of her visiting cards. This does not imply that she is a member of the Young Men's Christian Association, but that "You may come again."

MR. LOGAN WILLIAMSON, of this city, contemplates going to Bowling Green, Ky., to engage in prize fighting and buying leaf tobacco. We commend him to the people of Kentucky as a reliable, energetic, clever gentleman.

The Katie Putnam troupe were invited to visit our city. A letter from the agent states that they have engaged, and are to come to next May, and therefore they cannot pay a visit until after that time.

Rev. J. B. WEST, D. D., delivered a sermon at the M. E. church, last Sunday, upon the "Immortality of the Soul." Nothing but the most profound thought and laborious study could have produced such a sermon. The sublime eloquent truths he enunciated sunk deep in the hearts of his large and attentive audience.

Mr. JOHN BROWN, of Memphis, gave us a call last week. He and most of those who were here from Memphis, have returned. We hope no scourge will ever occur to cause them to flee from their homes.

The large and handsome brick residence of Mr. G. H. Slaughter, at St. Bethlehem, will soon be completed. The brick work is a first-rate job, done by Mr. Phil. Bradley, and the wood work by Barkeley, Clark & Co., is done in their usual good style. It is beautifully located, and will be one of the most desirable places in the country.

THE HOPKINSVILLE CONSERVATIVE of 1st inst., says: "On Monday evening last a young man, of Springfield, Tennessee, whose name is Bud. Bagg, was attempting to descend the ladder on one of the freight cars, at Baker's Station, Tenn., on the St. Louis and Southeastern Railroad, was caught between two cars and crushed to death. Tom. Bagg, his brother, is a freight Conductor on the road, and returned to Springfield with his remains."

THE attention of the Patrons of Husbandry in this county is called to a request in another column, made by R. H. Ogburn, master of Wilson Grange, and Dr. N. L. Northington, masters of all the Granges in the county are requested to meet at the Masonic Hall, in this city, on the 1st day of December next.

A CURE FOR HARD TIMES—An exchange offers the following: "One dollar pays many. If Tom would pay Dick two dollars, Dick could go and buy an excellent and comfortable pair of boots for his little boy, who has been begging for them for the last three or four cold days. Pay what thou owest, and much happiness will result not only to Harry's little boy, but to the little boys and girls of other men, as well as to many grown-up children."

If every man in the county who owes money would endeavor to pay a few dollars each week, the aggregate would pay off a vast amount of debts existing between parties. Let all strive to do this, and great good will be the result.

We desire our friends to read the inducements we offer this week, and then let them go to work to secure as many clubs of subscribers as possible. The premiums we offer will be the finest and best that our excellent artist, Mr. McCORMACK, can produce.

SADDLE AND HARNESS HOUSE.—Our friend, Fred. Bostelman, has bought stock and will open an establishment to-day, in New Providence, where he will manufacture Saddles, bridles, harness, etc. Fred. is an excellent workman, and clever gentleman, and we hope he may receive a liberal support from the citizens of our neighboring city and vicinity.

We heard a lady remark the other day, that Vol. Williams hung out enough boots, shoes, etc., as a sign, to constitute a pretty fair stock. All right, he exhibits a variety at the front door, he keeps the inside well filled with a large and elegant stock, and is selling it at a figure that secures him a liberal patronage.

MESSRS. FREY & BRO., furnished a large lot of fruit trees, etc., to our citizens last week. This firm has a well arranged nursery of select fruit trees, about 8 miles from the city, and we are glad to know that our people are extending them a liberal patronage.

We understand that something like Epistemic prevails among the horses on Madison, in this county. This disease, whatever it may be, creates a distressing cough and swelling of the limbs of the animal.

MR. JULES BOLLIN, is having a shop erected on First street, in the rear of the old Planters Hotel, where, we understand, he will repair all kinds of vehicles. He is said to be a competent workman in iron.

THE Columbia Herald, of 31st ult., says: "Rev. John P. McFerrin, the new Methodist minister sent to Columbia, has been going around visiting the people of his new charge this week. The Methodists here are going to give him and their presiding Elder, Rev. W. Mooney, a warm welcome. It is thought that Mr. Mooney will reside in Columbia."

You could not give a "warm welcome" to two better men.

In Nashville, on the 3d inst., the price paid for hogs was \$4.00 to \$4.15, but few could be realized in the evening, and dull at that.

At Cincinnati, same day, \$3.70 to \$3.90 was paid.

OUR young townsman, J. H. Smith, is now one of the firm of Grinter, Young & Co., in the Cumberland Warehouse. We wish the firm great success.

A TABLE published in the Memphis Ledger, of the 4th inst., shows that there has been 1,580 deaths in Memphis since the 13th of September, 1174 of which were from yellow fever.

LOUIS GAYLORD CLARK died at his residence, Piermont, New York, on the 3d inst. He was editor of the Knickerbocker Magazine until it ceased to exist.

Mr. WM. RUSSELL, an employee in the Tobacco Leaf office, left last Thursday, for Shelbyville, having a dispatch that his sister, the wife of Rev. T. H. Hinson, was dangerously ill. We sincerely hope, upon his return, that he can report assurances of her speedy recovery.

Since the above was put in type, another dispatch, on Thursday, announced the sad intelligence of Mrs. Hinson's death. The many friends of the husband and family will deeply sympathize with them in their sad bereavement.

THE BANKS.—In speaking of the sound condition and good management of our banks, we inadvertently omitted to speak of the New Providence Savings Institution. This institution is managed by two of the best men in our country, Messrs. T. F. Pettus and W. S. Poindexter, and although a money panic exists, it still stands firm and unshaken, having the confidence of all our people.

HOP. JOHNSON, Esq., the local of the Memphis Appeal, is in the city. After standing manfully at his post during the terrible scourge at Memphis, he comes to rest awhile with his kindred and friends in this city. We assure him he will meet a most cordial reception.

Cotton was in moderate demand in New York, at 14 1/4 for middling.

DEATH OF BISHOP EARLY.—The death of this venerable and eminent divine occurred at Lynchburg, Va., on the 5th inst. He had been an invalid for several years and his death was not unexpected. In him the Church loses one of her brightest lights and most zealous workers.

On account of private matters requiring his attention at home, Maj. J. J. Thomas has withdrawn from the tobacco firm of G. Kay & Co., of Paducah.

The Patrons of Husbandry have, throughout the country, 9,903 subordinate Granges. On the 4th of October, 1873, Tennessee numbered 158.

MR. GLICK, is having a front put to his storehouse.

THE AZORES.—A correspondent of the London Times, writing from these islands, represents them as an earthly paradise, but he says:

"They sadly want a bank, for the rich have to board ships of huge dimensions, and the poor have to be content with a 30 per cent. at interest. They want a clergyman, for they wait years for a British man-of-war that the chaplains may have the children and marry their young ladies, who are brides at twelve summers in this precocious climate, and so it was that when the ship of the other mentioned here lately, as mentioned in the Times, the babies could walk to the font, and brides in pianofortes were at the altar. Governors have here to move on their own terms, as yet untraced. An illustrated or a copy of your paper is handed about until it becomes illegible, and while the actors revel in luxury and the flocks of blackbirds and canaries chatter in the fields, the food for brains is at famine prices, and not to be had for the money. The noble duty of carrying higher light, commerce and religion."

Distress in Alabama.

It is stated that in consequence of heavy rains and the destruction of the cotton crops by the army of mules, much destitution exists in several counties in Alabama, particularly in Sumpter and Macon counties. It is alleged that in some places there is actual starvation, and that aid is required in order to avoid the most serious consequences during the coming winter. It is said to reflect that while the people of the South, notably Memphis and Shreveport, have been afflicted with a terrible epidemic, a part of the extreme South are suffering from another visitation. But in the midst of these troubles it is gratifying to record the spirit of liberality exhibited by Northern people in the relief of the Southern brethren. They truly will not halt in these praiseworthy efforts in the cause of common humanity.—New York World.

The State Teachers' Association and State Convention of County Superintendents will convene at Nashville on the 10th, 11th and 12th inst. of December next. It is expected that many of the prominent educators will take part in the discussion, and many questions of vital interest at the present time will be freely handled.
